3.2. In its language policy, the governing body of the School has determined that the language of learning and teaching at the School will be English.

3.4. Learning and teaching in a specific language subject may take place through the medium of that particular language and English (whatever is appropriate and necessary to ensure that the curriculum is covered adequately).

3.5. Each applicant for admission to the School must indicate on the prescribed admission application form the preferred language of learning and teaching for the learner to assist the School in understanding the language preferences of all learners admitted to the School.

3.6. The School will promote multilingualism as far as this is possible and necessary by offering Afrikaans, IsiZulu and Sotho as additional language subjects.

4.1. The governing body of the School has duly determined the total capacity of the school to be 1200 learners from Grade 1 - 12

4.2. The governing body of the School considered all relevant factors in determining the capacity of the school, including but not limited to the following:

5.1.2. Whether the learner has met the promotion requirements for the grade immediately below the grade to which the admission application relates;

5.1.3. Whether there are places available at the School

5.1.4. Whether the School is able to meet the educational needs of the learner (including but not limited to any special education needs of the learner);

5.1.5. The age of the learner. Learners who are more than two years older than the statistical age norm per grade will not be admitted to the School unless exceptional circumstances require otherwise. The statistical age norm per grade is calculated by adding six to the grade number (e.g. Grade 8 + 6 = 14 years old);

5.1.6. The willingness of the learner to participate in and add value to all areas of school life;

5.1.7. Whether admission to the School would be in the best interests of the learner given that all learners are required to participate in the academic, sporting and cultural programme of the School and given the need to ensure that:

- ✓ the academic aptitude of the learner is appropriate for entry into the particular grade to which the admission application relates; and
- ✓ the learner will be able to balance the academic demands of the School with all other demands of the School, including the demands associated with a learner's participation in sporting, cultural and service activities;

5.1.8. Whether the learner will benefit from the programme of the School given his proficiency in English, being the language of learning and teaching at the School. The inability of a learner to communicate effectively in English may place an unreasonable limitation on his academic progress at the School and could therefore result in the learner not being admitted to the School. A learner meeting all other admissions criteria set out in this policy may only be excluded from admission to the School on the basis of his inability to communicate effectively in English where this is in his best interests and there is a place available at a suitable school offering an appropriate medium of instruction within the proximity of the learner's residence or his parents' residence(s) (as the case may be); and

5.1.9. Whether the learner shows a willingness to work hard to achieve excellence in his academic outcomes.

5.2. Any learner who receives a scholarship or bursary of any kind that is recognised by the School and that is conditional upon him being in attendance at the School must meet the criteria for admission set out above.

5.3. Please note that DESTINY CHARTER SCHOOLS is a Christian school and hence no other religious practices can be done or allowed at school

5.4. The Board of Directors of the School has determined that the Principal shall have the discretion to admit learners subject to the provisions of this policy. The absence or presence of any of any other factors set out in this policy does not mean that a learner will be refused or guaranteed admission to the School.
